OUTSIDE OPERATION UNITS FOR PANIC DEVICES

MAIN FEATURES

ACCURATE DESIGN

- Accurate design and ergonomics are two of the main features of these outside operation units, to be used with all CISA panic exit devices.
- CISA outside operation units perfectly match all the different shapes of CISA panic exit devices.

VERSATILITY

- CISA outside operation units meet the requirements of the different installation procedures in combination with panic exit devices of New Europa, Sblock and the latest CISA PRESTIGE series.
- The version with reduced handle protrusion, can be used where special applications are required.

FINISHES

 CISA outside operation units are all available in a wide range of colours and PVD satin finish.

OPERATION CONTROL

 Upon request CISA outside operation units can be supplied with a microswitch to control, at any time, their status of operation.
