PANIC DEVICES

CISA Prestige INOX

MAIN FEATURES

ACCURATE DESIGN AND AESTHETICS

• A modern and simple design, result of accurate research work, makes "CISA PRESTIGE INOX" suitable for any environment.

RELIABILITY

- "CISA PRESTIGE INOX" is a top product in terms of reliability, quality of materials and accurate operation mechanisms.
- "CISA PRESTIGE INOX" guarantees high performance levels and a much longer life than provided for in the highest level of the standards (200.000 max cycles).

EASY TO INSTALL

 Special design features make "CISA PRESTIGE INOX" easy and quick to install on wooden, steel or aluminium doors. "CISA PRESTIGE INOX" is suitable for replacing the existing CISA "No Problem" and 59300 series.

CORROSION RESISTANCE

• The STAINLESS steel used for manufacturing CISA PRESTIGE series, guarantees high resistance to corrosion.

MODULARITY

• "CISA PRESTIGE INOX" can be used together with upper/lower or lateral additional locking devices, for single or double leaf doors, rebated doors and swinging doors, and with outside operation

- **CERTIFICATION AND** ← **MARKING** The materials and technical solutions adopted allow the highest standards to be respected, leading CISA to obtain markings and certifications such as:
 - CE marking according to EEC DIRECTIVE 89/106 released by AENOR for use on standard and fire rated doors.
 - Voluntary product certification released by third party ICIM as provided for by UNI EN 1125 standards.

Technical Features

- Stainless steel casing AISI 304.
- Adjustable stainless steel bar AISI 304.(to be ordered separately).
- Aluminium alloy latchbolts and dead bolts with PVD
- Dead-locking lateral and top/bottom latch bolts.

Operation

- Inside: by pushing the bar.
- Outside: by key and/or handle.

- Stainless steel cover and bar

Hand

0 = Non-handed

Supplied as standard

- Strikers
- Stainless steel fixing screws
- Installation and maintenance instruction sheet
- ICIM and CE Certification

On request

- Outside operation units
- Additional locking points
- Version with microswitch
- (spec. LA)
- Version with hold open device
- (spec. FG) (spec. FR)
- Fire version with steel latchbolts
